ANTICIPATED QUESTIONS

Will Singapore raise its 2030 target? BOTH

Why it may come up: Media and NGOs press all speakers on headline ambition; the statement mentions 2050 but not a revised 2030 figure.

- Stay with the cleared NDC language; no new target announced here. INTERNAL

- Public commentary is pushing all parties for stronger 2030 numbers (indicative). **PUBLIC**

INDICATIVE PUBLIC-DOMAIN NOTES (TENTATIVE — FOR THE ASK FALLBACK)

- Singapore has publicly committed to net zero by 2050; specifics of any updated near-term target should come from cleared statements, not speculation.
